Keep your floor looking its BEST

All of the TLC flooring collections are designed to withstand the demands of their intended environment with their built in resilient wear layer and PU surface treatment. We do however recommend the following advice to keep your floor looking its very best.

Initial cleaning after your new floor has been installed:

- Avoid walking on TLC flooring for at least 24 hours following completion of installation. Note: TLC Lac can be walked on straight away.
- Sweep or vacuum to prevent loose dirt or grit from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

Every day cleaning:

We have developed the TLC floorcare kit to help you retain the optimum appearance and resilience of your new floor. The kit contains everything you will need to maintain your floor on a regular basis.

- Sweep or vacuum the floor to remove loose dirt, grit and dust.
- Use a clean mop and TLC Routine Clean to gently and evenly mop your floor.
- Collect any excess liquid in a mop bucket.
- Rinse your floor with clean water and allow to dry.
- Every 6 to 12 months refresh your floor using TLC Cleanse & Remove with TLC Revitalise & Polish.

Included in the Pack

- | | |
|-----------------------------|--------------------------|
| 1 Routine Clean 750ml | 5 1x Course Stripper PAD |
| 2 Cleanse & Remove 750ml | 6 Soft Polishing Pad |
